What is Petra famous for?

Famous for its rock-cut architecture and water conduit system, Petra is also called the "Rose City".

This is because of the colour of the stone from which it is carved.

It has been a UNESCO World Heritage Site since 1985.

UNESCO has described Petra as "one of the most precious cultural properties of man's cultural heritage".

What are the most important monuments in Petra?

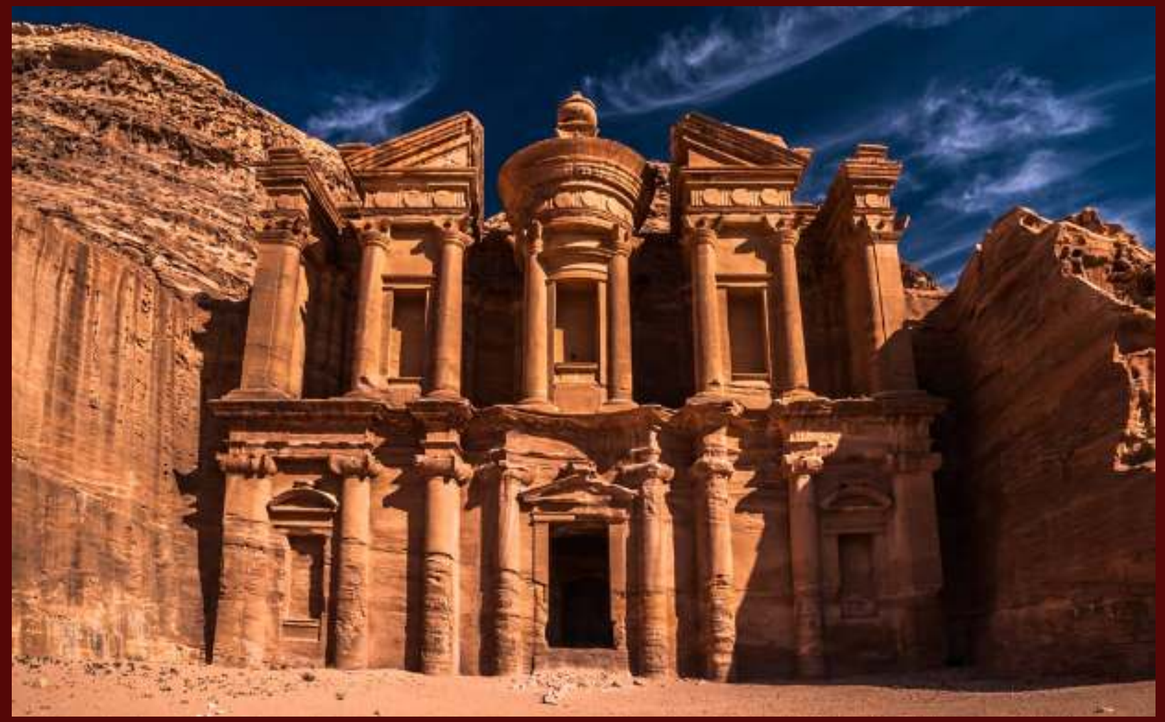
The rock-cut façades are the iconic monuments of Petra.

Of these, the most famous is the so-called Treasury (or Khazneh),

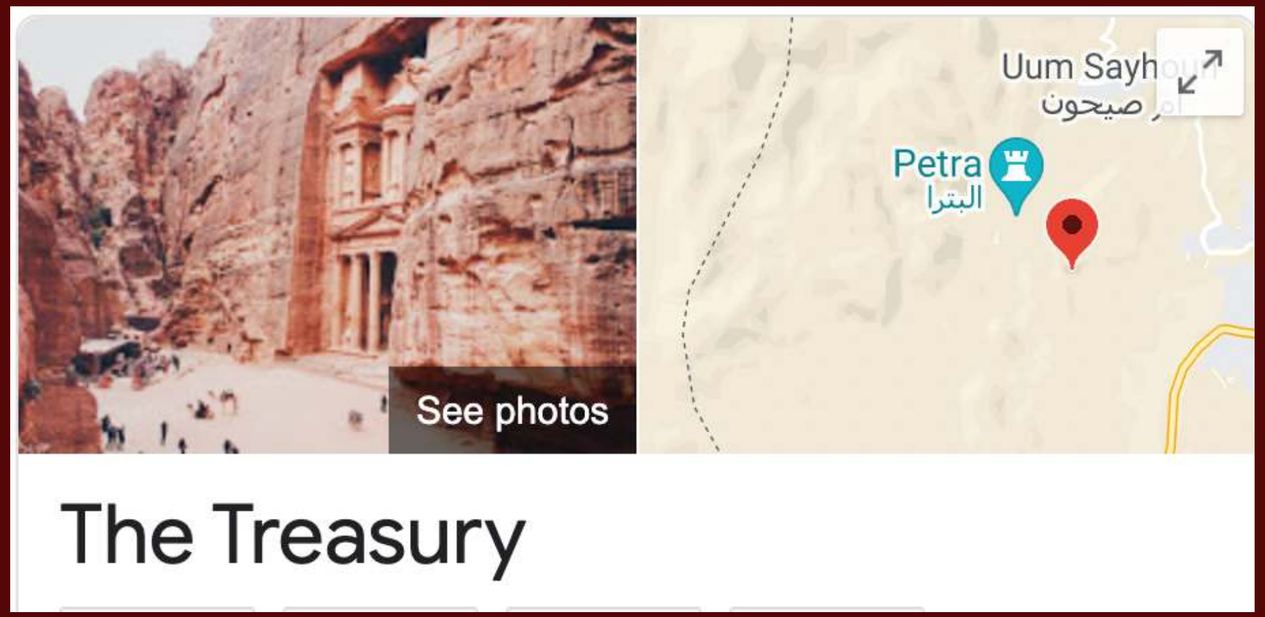
which appeared in the film Indiana Jones and the Last Crusade,

as the final resting place of the Holy Grail. The Treasury, or Khazneh, of Petra (present-day Jordan), 2nd century C.E.

So which part of Petra will my Statue be displayed in?



LIKE MOST OF THE ROCK FACADES IN PETRA, IT WAS COVERED WITH A LIGHT LAYER OF STUCCO AND PAINTED IN COLOR. THE ARABIC NAME "KHAZNEH AL-FIRA'UN" (PHARAOH'S TREASURY, SHORT: AL-KHAZNEH) COMES FROM THE LOCAL BEDOUINS' BELIEVE THAT AN EGYPTIAN PHARAOH HAD HIDDEN A TREASURE IN THE URN ON THE TOP.



DESCRIPTION:

AL-KHAZNEH (ARABIC: الخزنة; "THE TREASURY") IS ONE OF THE MOST ELABORATE TEMPLES IN PETRA, A CITY OF THE NABATEAN KINGDOM INHABITED BY THE ARABS IN ANCIENT TIMES. ... THE STRUCTURE IS BELIEVED TO HAVE BEEN THE MAUSOLEUM OF THE NABATEAN KING ARETAS IV IN THE 1ST CENTURY AD.

AL-KHAZNEH IS ONE OF THE MOST ELABORATE TEMPLES IN PETRA, A CITY OF THE NABATEAN KINGDOM INHABITED BY THE ARABS IN ANCIENT TIMES. AS WITH MOST OF THE OTHER BUILDINGS IN THIS ANCIENT TOWN, INCLUDING THE MONASTERY, THIS STRUCTURE WAS CARVED OUT OF A SANDSTONE ROCK FACE.

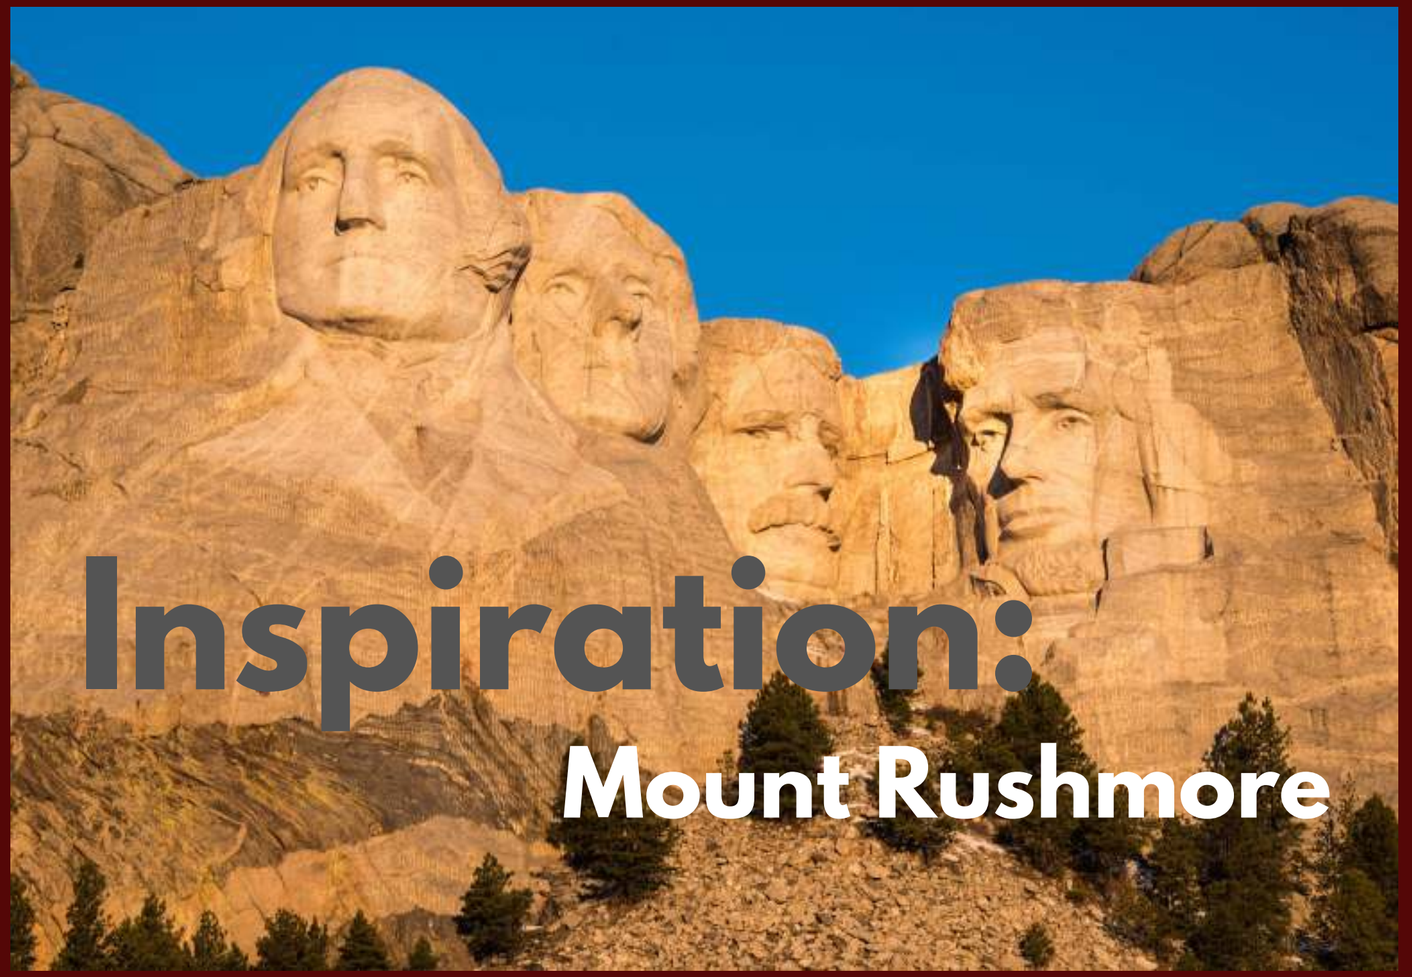
Concept

Carved into the southeastern face of Mount Rushmore in South Dakota's Black Hills National Forest are four gigantic sculptures depicting the faces of U.S. Presidents George Washington, Thomas Jefferson, Abraham Lincoln and Theodore Roosevelt.



Mount Rushmore is largely composed of granite. The memorial is carved on the northwest margin of the Black Elk Peak granite batholith in the Black Hills of South Dakota, so the geologic formations of the heart of the Black Hills region are also evident at Mount Rushmore.

- Design the traditional Jordanian Coffee Pot & Cup
- Material: Granite

Target Audience: Tourists & Families.

It is good to keep people educated, so it is very important to have the traditional Coffee Pot & Cup.

It keeps the tourists informed and reminds people of what is important and what they cherish, and also keeps the tradition alive.

Adding this statue will enhance its surroundings and create an aesthetic experience for all spectators.

Petra is an informative place and one of the Seven wonders of the world.

Whoever goes to Petra wants to learn more or get closer to the traditions of Jordan, and will learn that this is one of the Bedouin traditions.

This statue will add and show the soul of the Bedouin environment.
